

CellML 2010 Workshop Auckland

Welcome

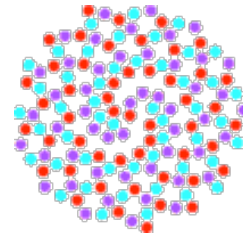

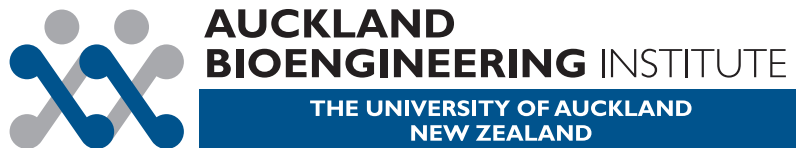

Haere mai

- CellML Workshop organised by Catherine Lloyd.

- Sponsored by Auckland Bioengineering Institute and Maurice Wilkins Centre for Molecular Biodiscovery.

MAURICE WILKINS CENTRE
FOR MOLECULAR BIODISCOVERY

Programme

- Wednesday 2010-02-24
 - *CellML Hackathon*
- Thursday 2010-02-25
 - *Building a CellML model library (×2)*
 - *Tools and user interfaces*
 - *Language, language interconversion, interoperability and collaboration*
 - *Dinner at La Cigale*
- Friday 2010-02-26
 - *Metatdata and model annotation*
 - *Databases and model repositories*
 - *Model curation*
 - *Multi-scale modelling*

People

- **Randall Britten** (software coordinator)
- **Mike Cooling** (model creation and reuse)
- **Dougal Cowan** (technical writing)
- **Sarala Dissanayake** (model visualisation)
- **Alan Garny** (software tools)
- **Peter Hunter** (director)
- **James Lawson** (model creation and curation)
- **Catherine Lloyd** (model creation and curation);
- **Justin Marsh** (software tools)
- **Andrew Miller** (specifications, interfaces, tools);
- **David Nickerson** (model creation, specifications)
- **Poul Nielsen** (project leader, specifications)
- **Penny Noble** (model creation)
- **Tommy Yu** (model repository)
